

Enrolling at St Helena

Due to the demand for places and accommodation constraints, it is not possible to enrol all students who apply for places at St Helena.

The College has a Restricted Neighbourhood Zone from which the majority of students are drawn. It also endeavours to accommodate the siblings of current students. Remaining enrolments, once these categories have been accommodated, are based on Specific Curriculum Grounds applications.

Details of the zone and enrolment criteria and Specific Curriculum Grounds applications are available from the College.

Enrolment of students from Grade 6 is jointly managed with local primary schools and follows statewide procedures. Enrolment Application Forms are provided by the Primary Schools and returned to them. Proof of Residence and Curriculum Grounds application forms are provided by St Helena and returned to the College.

For Years 8 to 12 enrolments please contact the relevant Mini-School Principal on 9438 8500.
